Description

Westport Consulting has acquired StrikConsulting d.o.o., a leading Bosnian consulting company in sustainable development in Southeast Europe. Our mission is to deliver superior value to our clients and thus make an impact in supporting regional and global sustainable economic development. We implements projects using fact-based analysis, focused on finding executable solutions. We work with clients to develop fresh ideas and introduce innovations and constantly encourage creativity and critical thinking in order to provide solutions which are custom-designed and tailored to clients' specific needs which ensure their competitive advantage.
