Bilateral Meetings

- Tuesday 13:00-16:00

Description

KV Team d.o.o. with headquarters located in Sarajevo, was founded in 2000 by a group of engineers with extensive experience in power electronics technology area. Since 2000 we are capable of offering product as soon as the cutting edge solution becomes commercially viable. Our test and measurement equipment for electric power industry has been developed and manufactured under the trademark "DV Power". Our typical customers are electric utilities, servicing and manufacturing companies as well as transportation and mining industries. The list of our customers contains the names like ABB, Siemens, SMIT.
