Bilateral Meetings

- Tuesday 13:00-16:00

Description

Company Em-Oniks DOO Lukavac is family company founded 1998. The main activities of the company are: trade, catering activity, production of profiles for dry construction. Today, the company produces profiles: CD, UD, CW, UW, as well as machine plates, aluminum gypsum board and aluminum facade profiles for façades, and galvanized pillars for wine lions and orchards. With the quality of products and expeditiousness, we succeeded in placing our products throughout Bosnia and Herzegovina, and we exported large quantities of our products to Serbia, Croatia, Montenegro, Austria and Slovenia. Due to a more serious approach to business, we managed to get the CE mark for our products: CD, UD, CW (50,75 and 100) and UW (50, 75 and 100) profiles.
